THE OASIS COMMUNITY COUNCIL OF THE COUNTY OF RIVERSIDE DOES
HEREBY RESOLVE AS FOLLOWS:

WHEREAS, the Salton Sea Authority is a Joint Powers Agency formed under the laws of the State of California by a Joint Powers Agreement dated 1993, and is the regional agency for identifying and implementing corrective measures to preserve the beneficial uses of the Sea; and

WHEREAS, the Salton Sea Authority has conducted extensive research and scientific investigation of the Salton Sea and has studied numerous alternative measures to restore and revitalize the Sea; and

WHEREAS, on June 29, 2006, the Board of Directors of the Salton Sea Authority voted unanimously to adopt the Executive Summary of the Salton Sea Authority Conceptual Plan; and

WHEREAS, the Oasis community Council represents the unincorporated community in Riverside County that is closest to the Salton Sea and lives with the problems of the Sea every day, is most familiar with the value that the Sea brings to the area in terms of quality of life in our area, shares the vision of the Sea as an asset to our community, and completely understands the consequences of plans that can destroy that quality of life.

WHEREAS, the Oasis Community Council held a community meeting on November 1, 2006 and with community input finds that the Salton Sea Authority Conceptual Plan best meets the needs to provide wildlife habitats, improve water quality, and protect air quality in our region; and

WHEREAS, the Salton Sea Conceptual Plan also creates major recreational and economic development opportunities in the Coachella and Imperial Valleys; and

WHEREAS, the Salton Sea Authority Conceptual Plan is in our opinion superior to other alternatives that the State of California and the U.S. Department of Interior, Bureau of Reclamation, are considering during their programmatic EIR and alternatives study; and

WHEREAS, prior to the formal adopting or implementation of any restoration plan, the Salton Sea Authority will cause any project to undergo a thorough and environmental analysis pursuant to the California Environmental Quality Act.
